Sir:

In reply to the June 2, 2010 personal interview held with Examiner Desanto,

Applicants' separate statement of the substance of the interview is provided in the following

Remarks.

REMARKS

During the personal interview, claims 1-8 were discussed. Applicants' representative explained that the claims are allowable for at least the reason that one of ordinary skill would have no reasons for combining Alexandre and Loomis to teach the claimed bore shape. Examiner Desanto agreed to withdraw the current rejection over Alexandre and Loomis.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
